

Ayden's Adventures

Ayden's pretend campfire

Not suitable for young children who may put pieces in their mouth

all copyright Ayden's Adventures

Making the campfire

You will need

1. Scissors (to cut out campfire shapes)
2. Glue (to join circular stone fireplace shape and join flames cone)
3. Ruler (for folding cutouts)
4. Kitchen roll sheet (for support under flames)

Making stone fireplace

1. Cut out the stone campfire shape to include grey guidelines for folding
2. Fold using ruler then cut off the remainder of white around fire place
3. Cut about 15/20 slits in top surface (to allow campfire to curve)
4. Check positioning of black overlap line then glue in place
5. Fold down top thickness of stones

Making fire

1. Cut out flame circle and cut slit on blue line
2. Overlap cut edges to make a cone shape hiding any blue then glue
3. Cut kitchen roll sheet in half taking one half and folding small
4. Place the stone fireplace over (around) the sheet/flame
5. Cut out lengths of wood folding and gluing (to add to fire)

(You have now made the stone campfire)
